

November 20, 2019.

A huge "Thank you" to Janet and the CCO team,

You contributed to the tremendous success of the inaugural Ajax Mayor's Gala on June 15, 2019!

From the beginning of our interaction your professionalism and experience showed. CCO took the time to complete an on-site review of the venue and to understand our service needs and expectations. The detailed and thorough quote offered a competitive price and additional services to benefit our event, that we would not have thought of.

All of our questions and concerns were addressed promptly and the CCO team supported us through building repair obstacles that resulted in additional time and effort on their part.

During the planning of a gala, to the night of and the clean-up afterward, we were dependent on CCO to coordinate their time with other vendors, manage equipment through service elevators and be flexible during a few building challenges.

CCO supported us through all of it and earned our confidence in their services.

We will not hesitate to engage CCO again for future events.
